

QREP

Quality Representation of Electronic Products

www.qrepinc.com/products

State: Alabama, Georgia, Mississippi, Tennessee, North and South Carolina

NC/SC, VA Kathy Barefoot—Sales Rep Tel: 919-332-3000 (cell) kbarefoot@qrepinc.com		AL, MS, East TN Chuck Steely—Sales Rep Tel: 919-609-0320 csteely@qrepinc.com		Georgia, TN Kevin Slack—Sales Rep Tel: 623-687-4702 kslack@qrepinc.com	
		www.adam-tech.com Connectors/cable assemblies manufacturer, a vast product line covering a wide range of industries. Products include standard commodity, high-speed, high-density, spring-loaded, fine-pitch, and harsh environment interconnects, equipped to meet any application-specific requirement with innovative and custom design solutions.		 www.andersonpower.com High power interconnects for industrial, UPS, data centers, portable power, solar/renewable energy, marine, power generation & distribution, battery chargers, electric vehicles, lighting.	
		www.bhelectronics.com Designs and manufactures standard and custom transformers, inductors, filters, balun assemblies, chokes, related devices designed for baseband, broadband, and power applications from 20 KHz to 1 GHz for standard or rugged applications.		 www.csww-pcb.com/ Full Service ISO Certified Circuit Board Fabricator. A one stop shop scheduling production for long range projects as well as provide top quality prototypes in 24, 48, or 72 hours. E-mail transfer is available 24 hours a day. With facilities in Taiwan and China, we are also the one stop solution for higher volume global production needs.	
		www.dejaz.com "Discreet to Digital" interface IC's for Avionics & Industrial Markets. Broad range of Analog and Mixed Signal ASICs, custom RF designs for military, industrial and commercial.		 www.meritekusa.com Producer of advanced circuit protection devices, passive components, semiconductors, and other printed circuit board (PCB) products serving the electronics manufacturing industry. Offers component solutions for IoT, Industrial Controls, Infotainment, Security, Fire & Safety, Elevator Controls, HVAC, Automation, Automotive, Energy Management, Lighting, Power Supplies applications	
		www.omnetics.com Micro (1.27 mm pitch) and nano (.64 mm pitch) connectors. QPL approved to MIL-DTL- 32139 and MIL- DTL- 83513. Available in strip, circular, nano-D and micro-D options.		 omnitekcable.com Omnitek Cable manufactures high-performance microwave cables and cable assemblies for RF, 5G, and test/measurement applications. Engineered for high-frequency applications up to 110 GHz. Specializes in PTFE tape wrapping, braiding, and high/low-temperature jacket extrusion. They provide solutions for medical imaging, aerospace, defense, and quantum computing.	
		www.prbx.com PRBX USA specializes in the design and manufacture of power conversion systems for extreme environments. We provide mission-critical power solutions tailored for the aerospace, defense, medical, and transportation industries.		 www.rogerscorp.com Rogers Corp is industry-leading customized laminated busbars engineered for efficient power distribution, offering low Inductance, high power density, and compact, durable, reliable solutions.	
		www.sensitron.com SSPC – SSR's, SSPC's up to 32 channels, 1275 Transorb modules, bi-di pulse clamps, Diode wafer fab to diode arrays up to JANS rated, Motor controllers – speed, torque, and sensor less control options –brushless motors, Power rectifiers and bridges Commercial Aerospace, Space & Launch Vehicles, Defense (Aerospace, Naval, Vehicle, Missiles), Medical, High Voltage, High Current Ultra Compact Form Factor Packaging for High Reliability.		 www.sensorantennas.com/ Sensor Systems Inc. Designer and manufacturer of over high-quality antennas for commercial, military, and business aircraft, specializing in communication, navigation, GPS, and Link 16 datalink solutions for aerospace platforms.	
		www.smithsinterconnect.com Leading provider of technically differentiated electronic components, subsystems, microwave and radio frequency products in the aviation, defense, space, medical, rail, semiconductor test, wireless telecommunications, and industrial markets, product portfolio includes high reliability electrical connector, cable assemblies, innovative RF and microwave solutions.		 www.tfsemi.com High Efficiency PMIC for driving MOSFETs, IGBTs, GaN FETs and SiC FETs in power management & amp, motor control solutions Supporting a broad range of applications with a portfolio of over 100 drivers from 20V- 600V in Pin & amp; Function Compatible industry standard packages
